Product Description

3 In 1 HEPA-Type Filter Humidifier Air Purifier 2 In 1 Machine With Wick Filter

The product in question is a dual-function appliance that serves as both a humidifier and an air purifier. This innovative device is designed to enhance indoor air quality and maintain optimal humidity levels simultaneously, providing a healthier and more comfortable living environment.

The appliance is equipped with smart sensors that continuously monitor the air quality and humidity levels in the room. It can automatically adjust its operation to maintain the desired settings, ensuring efficient performance without the need for constant manual adjustments. Additionally, it often comes with a user-friendly interface, which may include touch controls, a digital display, and a remote control for ease of use.

This dual-purpose appliance is energy-efficient and whisper-quiet, making it suitable for use in bedrooms, living rooms, offices, and other indoor spaces. It is designed with safety in mind, featuring an automatic shut-off function when the water tank is empty or if the device overheats, preventing any potential hazards.

This two-in-one appliance is a convenient and effective solution for those looking to improve their indoor air quality and manage humidity levels in their homes or offices. It combines the benefits of a humidifier and an air purifier into a single, space-saving unit, offering a comprehensive approach to respiratory health and overall well-being.

Product Specification

Model	KJH400GE-N1
Sound Level	<=62dB(A)(Max)
DC Power	100-240V 50/60HZ 35W
CADR rate	88CFM (150m³/h)
Product size	Ø315*H633mm
Area coverage	28-48 m³

Product Features:

- It is an air purifier and a humidifier 2 in 1 machine
- Fog-free humidification will keep the air moist while the air purifier is working
- 3 in 1 HEPA-type filter, with carbon and nylon pre-filter • One Wick filter
- 4 speeds and sleep mode
- Auto mode - Air Quality Indicator by 3 colors
- UVC light plus Photocatalyst effectively eliminating bacteria, virus, odors • Digital display PM2.5 value
- Negative ions released
- 12 hours timer setting
- Filter changing reminder
- Wi-Fi control for option
