Basic Information

- Place of Origin: China
- Brand Name: Envitek
- Certification: ETL CB EMC LVD ERP
- Model Number: FW300-A1
- Packaging Details: color box+master carton
- Delivery Time: 30
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 10000 PCS/MONTH

Product Specification

- Product Name: Food Composting Machine
- Function: Kitchen Waste Disposal
- Capacity: 2.5L
- Color: White
- Advantage: One Button Start
- Net Weight: 10kg
- Highlight: **One Button Start Food Waste Composter, Kitchen Use Food Waste Composter**

Product Description

Kitchen Use One Button Start Food Waste Composter

Product Description

The Food Waste Disposer is a revolutionary appliance. It converts kitchen waste into fertilizer within 4 - 8 hours through one-button operation. Automatically calibrating work time by waste moisture, it simplifies kitchen tasks and shortens cleaning time, contributing to environmental protection.

The operation consists of three phases. Drying: high heat extracts waste moisture for decomposition. Grinding: rapid blade rotation pulverizes waste for fertilizer. Cooling: after grinding, the bucket cools for safe removal.

Product Specification:

Model	FW300-A1
Sound Level	<=55 dB(A)
Power	500 W
Capacity	2.5L
Product size	L318*W255*H317.7mm
Filter	Activated Carbon

Product Features:

- * Turn your waste to fertilizer by 2-4 hours
- * Transparent Glass Cover, check the residue conversion status at any time
- * Drying-Grinding-Cooling, three steps reduce volume of your waste by up to 95%
- * Activated carbon filter remove smell
- * Fashion design makes it great to fit your countertop
- * One button start, auto adjust the working time according to the water content of your waste.
- * 2.5L capacity enough to cover your whole family food waste for one day

Food Waste Disposer Principle:

Food waste recycling

Fi

Put all of your food scraps coffee grounds, Grass clippings napkins and so on into IUHAND

Transform

Recycling food scraps and other organic materials into a nutrient-rich fertiliser

Reclaim

recycles food scraps and other organic materials into a nutrient-rich fertilizer that can be used for indoor and outdoor plants
